

NAME MOTHER NAME FATHER'S NAME SURNAME
MIDDLE NAME

Espalier is an experimental school, where the students bring about at least one social or educational change. Last year our students unanimously decided that they would write their Mothers name before the Father's name. The objective behind this was that the Mothers play a more important role in bringing up the child than the Father and yet her name is not mentioned anywhere, right from a Light Bill to School Leaving Certificate, Government document to school identity card there is no mention of a Mother's name. It's only the Father's name that occurs there. Isn't this a sign of Male Dominated Society? Why can't we add our Mothers name too?

Espalier School started making this change, 800 students of our school add their Mother's name and the school supports their decision. The school has made the necessary changes in the Enquiry Form, Admission Form, Students I-card, Government Forms and the Progress card. Every student of Espalier is now using his Mother's name along with the Father's name with Pride.

We are taking this change out of school Boundaries. 500 students of primary will convince 2 friends from their neighborhood to add their Mothers name. 20 students will visit different schools and convince the principal and students and create awareness about this change. 26th August is world "Women's Equality Day", We aim at convincing 10,000 students to give respect to women and start adding their Mother's name from this day. We believe that students alone can bring about a change. So come along, let us make this change.

If you also feel that you should add your Mother's name join us in this campaign and fill up the given Acceptance cum Resolution Form.

जन्म दिला, जीव लावला, आदर तिचा ठेवु,
जाऊ जिथे, बोलु तिथे, नांव आईचे घेवु
