

## ESPALIER HERITAGE SCHOOL ANNUAL REPORT 2019-20

Welcome to Espalier Heritage School, Annual Report, a medium to communicate directly with all our well-wishers, parents, staff members and students. With delight I present this Annual Report which enumerates the labor of love, activities and achievements of the school during the academic year 2019-20.

Our enrolment has reached a good strength of students. We expect next year we will have more young inquisitive learners joining us in the journey of Experiential learning and more parents will consider Espalier Heritage School as the first-choice for their wards.

Academic Results: I am proud to announce that our students have excelled in academics. Thanks to the hard work of our dedicated staff and vibrant cooperation from our students and parents.

The Academic Journey of Espalier Heritage School began when our pupils of Grade I to VII walked into the school with energy and enthusiasm to commence the new academic year filled with new dreams and surprises, on 12<sup>th</sup> June 2019. They were warmly welcomed in the school assembly and then inducted into the entire year program by their class teachers.

**Global Dimension in Education:** The students along with their teachers have undertaken a number of activities like Field trips, Experiential Shop, Quizzeria, Chess Championship, Debates, Annual Day, etc.

**PROFESSIONAL Development and training Programs:** acquisition of new skills and continuous upgradation of the staff is a key for quality teaching-learning at Espalier Heritage School.

The staff participated in a variety of professional learning opportunities. Systematic and organized training programs have helped the staff to develop skills, knowledge and understanding of the curriculum and current trends in teaching and learning.

Before the new academic year commenced, the entire staff had a day's session on "CBSE Pedagogical Plan" by Mr. Bhakare and on "Work Done Concepts and Attributes" by Mrs. Dionne Rose & Hemlata Tolani.

Education for mind, body and soul: Daily Morning Prayer and assembly is one of several important and good practices we have at Espalier Heritage School. Each class prepares well for it with a specific theme with motivational thoughts/talks, skits, and news. Yoga and Meditation classes are conducted every week.

We encourage equality, fraternity, unity and help our students to live in peace and harmony, respecting one another's faith and beliefs by celebrating all festivals like Eid, Gurupurab, Diwali, Christmas and many more with meaningful prayer services and programs, thereby fostering the idea of unity and brotherhood.

**Academic Excellence and Intellectual Enhancement:** We educate our children to be responsible resilient and lifelong learners.

To achieve a perfect blend of activities with academics, students are assessed for both curricular and co-curricular activities.

## READ TO LEAD

We believe that learning takes place all the time and everywhere. The guided library period every week awakens in them a taste to value books and creates a desire to read good books. Every exposure/interaction is an opportunity to learn, only if we are interested in improving and exploring. Realizing this, we provide ample opportunities to our students for outdoor experiential learning.

# READ TO LEAD

**Students Council:** Investiture Ceremony Leadership is the capacity to translate vision into reality - Warren Bennis. Espalier-The Heritage school celebrated the Investiture Ceremony for the academic year 2019-20. It was an honors to have Mr B.B. Chandak Sir (Asst. Vice President of the Lokmat Group) as the Chief Guest and Mr Aditya Jaju as the Guest of Honors. The students of Grade 5 and 6 welcomed the guests in the Indian traditional way by a virtual formation of a lotus. Sachin Diya escorted the guest around the school after which they preceeded to school auditorium where the ceremony was held with a lot of zeal and zest. Investiture ceremony signifies reliance and confidence that the school consigns in the newly invested office bearers. The ceremonial pinning of the badges and handing over the sashes and flags to the newly elected Students Council was done by Chandak sir the chief guest, Aditya Jaju the guest of Honour, Prajakta Diya, Sachin Diya and Ankita Diya. The newly elected Students Council and class prefects pledged to work earnestly to uphold the honor glory of the institution. The head girl of the school administered that she would take up her duty sincerely and with full commitment. Aditya Sir and Chandak Sir gave a speech to the students regarding their past experiences in life and explained to them on how their school helped them to shape their future by turning them into leaders. They encouraged the students to always walk on the correct path and be the change they wish to see in the world. This was then followed by a melodious song where the leaders pledged that whatever they do will always be a gift to the

institution. To add essence to the ceremony the students of Grade 7 danced to the foot tapping song "Koi Kahe.." The Ceremony concluded with a Vote of Thanks proposed by Dhruv Kulkarn. The Students Council members are as follows: Kshitij Gauri Yogesh Kulkarni - Head Boy Niharika Asawari Sudhir Sathe - Head Girl Arya Sheetal Amol Pagare - Sports Captain Hiten Anuradha Shridhar Perkare -Sports Vice Captain Palavi Archana Rahul Warkhede - Sinhadgad House Captain Shlok Sheetal Pavankumar Bhutada - Sinhadgad House Vice Captain Ish Kumudini Girishkumar Sanghai - Raigad House Captain Arjun Smita Dinesh Deore - Raigad House Vice Captain Raghav Sarika Santosh Kalantri, Vedant Shradha Ashok Nakhate, Shaarav Shruti Sushant Ladda, Aditi Archana Sanjay Shinde - Discipline Captains.

- **Celebrations** :Among the celebrations marked with total student involvement and with great pomp and joy were

- **Foundation Day** -The 1st Foundation Day was celebrated at Espalier- The Heritage School with great zeal and zest. 27 th June marks the birthday of Espalier - The Heritage School and is celebrated as the Foundation day of the School . The school was established with the mission of providing quality education with experiential learning and teaching life skills to students. Equality of all religions and imparting quality education have been its fundamental goals. Respecting our gurus and to value education as

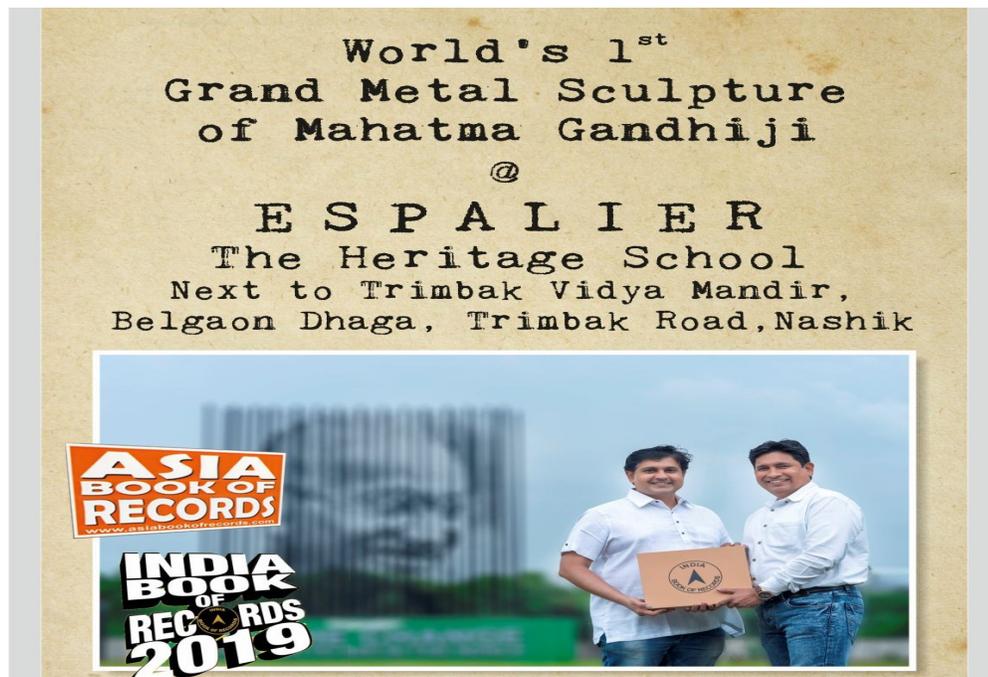

supreme is taught to all Espalierites. To achieve this the school organized Sarv Dharm prayers with special arrangements . Students recited prayers of different religions like Hindu, Muslim, Buddhist, Jain and Sikh etc, spreading the message that we believe in every God but education is our foremost religion. The significance of this day was explained to the students and they were also informed about the meaning of Espalier. Thus a meaningful celebration of Foundation day was observed by all Espalierites.

- **Innovation Day** - Every year Espalier School celebrates Sachin Sirs birthday as Innovative Day. The concept is very simple and clear. The students of all grades have to perform something Innovative i.e. out of the box in Espalier School. Music being the key to one's soul was shown by the students of Grade 8 & 9 who created music using pipes and they composed & sang Rap Songs related to Science & Math like DNA, cells, brain, Pythagoras Theorem etc. Unity in diversity was seen among the students of Grade 4, who came dressed up in traditional costumes & prepared & served food in the traditional Maharashtrian,.Rajasthani& South Indian way. To throw light on the campaign started by our Prime Minister Mr. Modi the tiny tots of Grade 2 paid tribute through a skit Swacch Bharat Abhiyan to the people who help to keep our country clean and the students of Grade 1 enacted a skit emphasizing on the benefits of eating healthy food verses the ill - effects of eating junk food. Our country is a land of a number of people who have earned laurels in different fields like medicine, art, literature etc. This was portrayed by a class of more than 100 students of Grade 6 who walked the ramp. Education being the chief defense of the nation was highlighted by the students of Grade 5 who identified a few housekeeping helpers from the school who were illiterate and they taught them how to read & write. We at Espalier believe that these skills should be implemented by the

children of the 21st century which is necessary to make them better individuals of tomorrow.

- **Gandhi Jayanthi**-The world's biggest metal sculpture of Mahatma Gandhi was inaugurated at Espalier Heritage School on 2<sup>nd</sup> October 2019.

- **Independence Day** – Espalier The Heritage School was organised with great National Pride. The children as well as the staff came dressed in the colours of our Tiranga. the chief guest for the flag hoisting ceremony at the school. The chief guest addressed the students after the flag hoisting ceremony asking them to follow their heart and asking them to do what they love. The students recited many patriotic songs, various dance performances and patriotic acts.

- **Republic Day** –Espalier-The Heritage School celebrated it's first Republic Day on Saturday 26th January 2020 with pomp and gaeity. The children as well as the educators came dressed in the colour of our tiranga. Mr Sanjay Patil, a renowned architect was the Chief Guest for the flag hoisting ceremony at the school. He was accompanied by Louisa and Eliza from the US and Italy who were visiting India under a cultural exchange programme. The air was filled with patriotic fervour as students rendered patriotic songs, gave inspiring speeches in various languages and also performed dances. The Pre Primary section also anchored the show and lead the entire event. It was a great honour and pride for the school to see the tiny tots exhibiting their talents with confidence and elan.

Activities organized offer opportunities for students to learn the values of teamwork, individual and group responsibility and a sense of culture and community.

- **Mud Party** -The mud will wash off but the memories will last a lifetime. Playing in mud has proved to improve the cognitive function in kids. There is a rich, sensory play children partake in while playing with mud which allows them to express their creativity while enhancing their fine motor skills. Espalier-The Heritage School organized a Mud Party on Wednesday 24th July 2019 in order to help the students to relax, experiment and create new ideas while they go squishy squashy in the mud. The objective was to allow kids to explore the earth beneath their feet to develop the Earth connect as also boost the immune system. The activity has a great

therapeutic value too. The kids and their educators did their Happy Feet Dance to music in carefree abandon. These are those moments where we see the children completely relaxed and enjoying their day to the fullest. The children ran, jumped, got completely drenched, made mud castles

- while enjoying the mud party. The party ended with a hope that this experience stays with the children for a lifetime .
- **Eco- Friendly Bappa Street Play-**"The way to get started is to quit talking and begin doing" The Heritage school believes in bringing in the change than just talking about it. After preparing the ShaduMattiGanpati we now had the children of Grade 4 from Heritage School perform a street skit on the importance of Eco-Friendly Ganpati at Mahamarg. They started with explaining the difference between POP Ganpati and ShadumatiGanpati and how the use of it has an impact on our environment. Children then explained the significance of the celebration and how and why LokmanyaTilak started the celebration. Its high time that we give ears to the future generation plea and start acting upon it. The strong voices which the Espalierites raised today have surely touched many hearts and we applaud for the brave approach taken by the children. The objective was not only to convey a social message but also to build confidence amongst students to perform amongst strangers.

- Extracurricular activities via workshops provided a channel for reinforcing the lessons learned in the classroom in a real-world context, and are thus considered an integral part of a well-rounded education.
- **"Know your coins, Know your History"** Conducted by a Renowned person from Research of Hinduja Foundation & Indian Numismatic, Historical and Cultural Research Foundation Mr. Amiteshwar Jha. Students from Grade 4 to Grade 7 got a deep insight of the evolution of coins right from the 2nd century to the 21st century. Significance of money and trade from Barter system to demonetization was well explained. The journey of money from metallic coins to paper and eventually to plastic and maybe to NO CASH in near future were the highlights of the topic.

- **WATER LITERACY** SESSION by Co Founder of Telangana State Mr. V PRAKASH RAO at ESPALIER HERITAGE SCHOOL Under the flagship of Namoo Foundation an informative session on Water Literacy was held in Espalier School. Mr. V Prakash Rao co-founder of Telangana RashtraSamithi and policy advisor to Chief Minister of Telangana gave a inspiring and informative speech on "WATER LITERACY". In spite of being a man of such high stature he gave his speech in so simple words that students from Std IV to VII could easily connect with him and his ideas. Mr. Prakash Rao is the chairman of Telangana Water Resource Development Corporation and is

considered an expert in the irrigation sector and policy making for India. We are happy to share that under his guidance Espalier students participated in "NirmalGodawari Literature Walk " which has started from Brahmagiri and will end in Rajmahindri. It is a matter of pride for us that on the auspicious day of 4 Feb which is considered as the birthday of River Godawari our students realised the importance of water and were a part of Water Literacy campaign. This event was possible only because of the efforts of Rajesh Pandit - Founder of NamoGoda, AnandKawale- Founder of Born to Help, Actor Kiran Bhalerao and Mr. Ravi.

- **Be a Kite Maker !-**Why only fly when we can make it as well! Espalier The Heritage School organized a kite making workshop in order to bring out the creative and enthusiastic ideas that are embedded in the minds of the students. This fun-filled activity was conducted to encourage the students to work outdoors, to think creatively and to work together. It further taught the students how to plan with predicted outcomes as well as to develop skills and techniques to design and make something uplift against gravity. It was indeed the best way to learn and understand the basics of aerodynamic.
- **Agriculture is the most healthful, most useful and most noble employment of man."** George Washington A staple found all over the world, rice is grown everywhere from Minnesota to Myanmar. According to

the Food and Agriculture Organization of the United Nations (FAO), however, an incredible 90 percent of it is grown and consumed in Asia. Making up anywhere from 50 to 80 percent of calories in a person's diet in Asia, rice is the backbone of millions of people's lives. Farming is a process and while the children of Heritage learnt the method of sowing paddy in August they were taken to the next stage which is Harvesting of it this month. Grade 4, 5, 6 & 7 put forth their best efforts to learn the method of harvesting and doing it themselves manually by using simple farm tools like the sickle while students from Grade 1 , 2 and 3 watched. It is important that the children understand how this critically important crop grows and how it's harvested. The ideology behind teaching the process is to make children understand the value of food that we eat and the effort that goes behind to grow these crops. They will be taken to next step of threshing the crop over the upcoming week

- **Culinary Art** - Shankarpara, Karanji and Chakli making The festival of lights is around the corner and we all know how excited children get about the festival of Diwali. One of the reason for this excitement is of course the savoury sweets that they get to eat prepared lovingly by mothers and grandmothers. The children of Espalier Heritage School tried Shankarpara, Chakli and Karanji making as a part of their culinary art experience. They got completely engrossed in the preparation process and could understand the efforts taken by their mother for the same at home. It is important to make the children understand the value of these festivals and let them enjoy it in their own way. They would now surely be able to assist parents at home for Diwali festivities preparations and chores.
- **Museum On Wheels Mumbai's** first ever Museum on Wheels was invited to Nashik by our Sachin Diya as a return gift to Children. Museum on Wheels is a customised air-conditioned bus that is fully equipped with display cases for objects, interactive demo kits, art supplies, audio visual equipment and digital media. The students of Heritage School had the opportunity to visit this amazing knowledge providing bus located at

Experimental school for a day. The mini museum had various sample Fossils preserved, Videos & images on Life existence and Foot impression, Sample fossils of Dinosaur egg and Tail pointed crab impression impressed the students a lot. The students were given a lecture on fossils, Rock cycle and Paleontology by Simran Ma'am. A whole experiment on Volcanic eruption was shown to the children. As a souvenir all the students were given Postcard with a stamp of ancient animals like Dodo ,Dinosaur and for girls Gelly fish and Turtle. We hope that the little tour gave them a new angle to look at science,enriched them with lot of knowledge regarding the history of new beginning of living beings

- **Realizing this, opportunities were provided to students to take part in a number of activities and competitions. These competitions gave our children a platform to display their talents and abilities.**
- **Teachers' Day** –Love and respect for their teachers and mentors was highlighted by our students at a programme organized creatively by the students on 5th September –

"It is the supreme art of the teacher to awaken joy in creative expression and knowledge."- Albert Einstein A teacher with the ability

to inspire students is the type of teacher who will be long remembered. Inspiring students is integral to ensuring their success and encouraging them to fulfill their potential. A teacher that inspires is a role model, an influence that goes far beyond academic achievement. Today the Teachers of Heritage learnt how much they have inspired their children by looking at their performances. The performance started by the Anchors Niharika, Arya and Gauri from Grade 7 giving an introductory and a thank you speech to teachers. It was then followed by a beautiful melodious song sung by children of Grade 1,5 and 7. Grade 4 performed a skit on 'Eco-friendly Ganpati' with a great message to everyone. A hilarious Musical skit performed by Grade 5 which made the teachers and children shout out 'once more'. The Last minute special and surprise performance by Grade 7 on their skates made the occasion a memorable one for all. Students also enjoyed peer teaching experience as they took on roles of all school teachers. It is very well said that a teacher's reward is to see its child being successful and our Didis and Bhaiyyas can surely say that they received reward today.

- **The Staff put up an excellent show of their talents and entertained the children on the occasion of Children's day which was celebrated on 14th November.**

This very special day started with a special assembly arranged by Didis of all Grades. Firstly the National Anthem was sung by all Didis followed by remembering Chacha Nehru through a meaningful skit performed by Grade 1 Pooja and Jyoti Didi on the topic of Children's Day incorporating questions and riddles. The Didis announced the name of Nehruji as Jawaharlal Swarupani Motolal Nehru in the tradition of Espalier. Finally to give the children an energetic start, a Zumba session was held by Aishwarya Didi. This was just the begin of a fun filled day. Various edutainment games were organised for the children of each Grade by Sachin Diya himself. Students also played athletic games on the playground with Saurabh Bhaiyya. The children were excited and thrilled to share their 'Dabbas' for the 'Dabba party' organised. Another unique opportunity given to students was that of roasting peanuts which had been planted and harvested by students in our own Heritage Organic Farms. They enjoyed peeling and nibbling the

monkey nuts along with a piece of jaggery as a healthy snack . Some students tried their hands at quilling whilst others watched school cinema. The child in the entire school family came alive as the campus resounded with joy and laughter all day long.

- **Experiential Learning through Club Activities:** At Espalier Heritage School, we believe that extra-curricular activities greatly enrich the school experience of our students. The students can gain skills that may develop into lifelong leisure pursuits through various Clubs like
- **Chess Club** –Every chess master was once a beginner To prove this statement Espalier The Heritage School hosted a Junior Chess Grandmaster & Chess Grandmaster Festival under the mentorship of coach VinayakWadile an International Chess Player to provide a platform for students to improve on logical thinking, analytical reasoning and problem solving. Students in the age group of 6 to 13 years participated in this mega event held on 21st January 2020 at the Innovation Hub in the school campus. It was heart-warming to see the 154 participants playing their moves like stalwarts with rapt concentration and collected demeanour. There were seven knock out rounds played using the latest FIDE rule in a time span of 15-15 mins. AnayTipre a student of Grade 2 bagged the Junior Chess Grandmaster Trophy & KabirPatil a student of Grade 4 carried home the Chess Grandmaster Trophy. All in all, it was a great experience as the students got a good opportunity to display their skills. It is rightly said that chess is a game wherein children learn to be responsible for their actions.
- **Math Club** - The book of nature is written in the language of Mathematics” - Galileo It's beautiful and its exciting and it's the only problem that we love to solve, That's right..Mathematics ! To encourage the children to pay more attention to this subject and leave it's fear behind the Heritage School organised Tables Champ for Grade 1 - 7. The preparation started a month

prior. Children were practicing tables , dodging tables , squares , square roots , cubes and cube roots daily in the school as well as in the bus with their Didis while they travelled, with great enthusiasm. The championship was conducted classwise. Children were asked random tables and then dodging. They were very well prepared and participated without any hesitation. Preparation prevents poor performance and this what only matters at the end. The first step towards eradicating the fear of mathematics is taken care of and now on theres no looking backwards.

- **Music Club** –Accolades for Heritage Students in their Maiden Musical Sojourn 100% results have been achieved by the students of Espalier-The Heritage School students at the Vocal Classical Music Exam conducted by GandharvaMahavidyalay , Mumbai which is the topmost authority in India for assessing students performance in Indian Classical music and dance. Vocal classical music ,Tabla and Kathak are a compulsory part of the performing arts curriculum at Heritage. All students from Grade 2 to 5 appeared for their PrarambhikPariksha in April 2019 while little vocalists from Grade 1 attempted SangeetParichay and all have passed with 80% of them scoring distinction ieVisheshPravinya They received expert training from the Music Maestro Dr. Ashish Ranade assisted by AparnaDidi and RasikKulkarniji . It is indeed a feather in the cap for the school.
- **Science Club** –Science Day was celebrated at Espalier- The Heritage School today. The Junior Scientists of Grade 1st to 7th participated with great enthusiasm and presented unique and innovative scientific ideas through various projects and models. More than 150 ideas were displayed. From simple to difficult.. From everyday science to latest technology From known to unknown... Science day taught students so many things... Also on the occasion of Leap year and Science day Espalier students got a LITTLE MORE..... To stimulate their science quest a Science park was inaugurated in the school. The inauguration was done by Leaper birthday girl Shaurya from Std II Innovators. It is a zone of scientific set up like Whispering discs , Echo tube and sympathetic tube. A memorable day in Espalier Heritage School... Having fun learning and exploring!!!!

- **Literary Club** –Marathi Bhasha Divas was celebrated in Espalier The Heritage School on 26th February, 2020 in honour of the Marathi language and in keeping with the birth anniversary of the late award winning poet V.V. Shirwadkar alias Kusumagraj. Marathi being the official language of the State of Maharashtra, the main focus of this celebration is to promote the Marathi culture among the Espalierites. The Chief Guest at our event was our very own Dada. The programme started with a Marathi prayer "Kharatohekchidhrama". The students narrated various categories of poem, proverbs, folk songs, manachesholk, stories and Dev Bajracha in Marathi. The icing on the cake was the skit on Natasamrat and dance by the teachers on the foot tapping Marathi song Paul padtepadhe.
- **Peer Learning Session**( Grade 3 , 4 & 5 ) A peer learning session was conducted by Master Aarav MonaliPareshSoni from Grade 3 as a subject enrichment activity on the International Morse Code. Aarav who is an avid and voracious reader discussed about the origin of the Morse Code amongst his peers of Grade 3, 4 and 5 and went on to explain the entire International Morse Code for letters and numbers comprising of dits and dahs to his friends who listened very attentively to the explanation. A video on the usage of Morse Code by the military was also shown to the children. The students then solved a skillsheet where they copied the Code and attempted to write their own name in the Espalier tradition with their mother's name in the middle alongside their father's name. They also attempted to write their parents cell phone number in Morse. This proved to be an interesting activity for the students which definitely increased their curiosity and alertness.
- **The students of Grade 7 took a Social Initiative with Education on wheels**  
The students of Grade 7 had their first social initiative experience with a project in collaboration with the NGO of Espalier i.e Education On Wheels , an initiative of Shri SachinUsha Vilas Joshi. They visited a slum area in Chincholi ,Nashik. The NMC school of this area has children with poor

economic backgrounds , with parents working as workers and labourers. The Grade 7 students undertook a literacy campaign as their maiden activity with the children. The kids were first narrated a story titled 'Wolf Wolf' along with finger puppets in Marathi , as an ice-breaker. The listeners aged 6 and 7 years responded well and were able to guess the moral of the story. They were then given an introduction to the English alphabet using flash cards. The children enjoyed repeating aloud A-Z along with names of related objects. The Heritage students also went around the NMC school , played with the little ones and returned after the activity realizing that they were indeed privileged to have all amenities, facilities and Education at home and school whilst there was a large community close to them which was deprived of basic facilities , health awareness and education. They could empathise with those little children and promised to do more for them . They were guided and escorted by Sadhna Ma'am from the NGO.

- **Creative Club** -Siporex stone is a lightweight, precast building material that simultaneously provides structure, insulation, and fire and mould resistance. The school held an art activity for the children from Grade 1 - 7 of carving the Siporex brick. Abstract shapes and carvings were made by the children using various tools. The activity helps in developing sensory and motor skills and also requires a lot of discipline. The children had fun and some learning at the same time.
- **Rakhi making activity**-The bonding between a brother and sister is simply unique and is beyond description of words. The relationship between siblings is extraordinary and is given importance in every part of the world. However, when it comes to India, the relationship becomes all the more important as there is a festival called "RakshaBandhan" dedicated for the sibling love. Today the children brought the artist inside them to life by making beautiful Rakhis. They used paper ,thread and various decorative material to make rakhis. They used their own ideas to create beautiful rakhis. Rakhi in today's scenario though celebrated, as a sibling's festival, if

taken in true sense has a much broader perspective. The festival encompasses true sense of peace and brotherhood. The values propagated by the occasion if inculcated by all human beings can bring the much-needed relief from the ongoing violence and mistrust.

- **Shadu Mud Ganapati** "Creativity is intelligence having fun." -- Albert Einstein The making of Ganpati Idol with Shadumatti at Espalier - The Heritage school began. The reason Shadu Clay is used because its a Natural clay. It is pollution free and helps to maintain the greenery environment. Shadu is a kind of a clay found in the river bank, mostly in the Konkan region of Maharashtra. The activity was taken classwise for all classes by Neha Didi and Mangesh Sir. Students were taught step by step process of making an idol. Children were deeply involved in making procedure of an idol and thoroughly enjoyed it too. The activity was taken too improve their hand motor skills and encourage them to be creative. The creative process allows a child to gain cognitive skills, scientific method, dexterity and exertion, problem solving and the ability to identify symbols, patterns and shapes. The most important aspect of creativity is the process of self-expression.

- **COMMUNITY WORK**

The students meet together and execute various activities pertaining to their Clubs. We encourage our children to switch off all the appliances and the lights when not in use. We ensure taps are closed properly after use. And to make the students understand the concept of all four R's Reduce, Reuse ,Recycle and Refuse activities like Best out of waste , Swatchh Bharat etc. were performed in the school.

Towards Sports and Games: Sports and Games are a great way for students to develop skills, achieve goals, learn cooperation, and stay physically fit. Hence, we have allotted regular periods for games activities like gymnastics. Special coaching in basketball, football, volley

ball, archery, table tennis and chess is also provided. Annual Sports Meet was held on \_\_\_\_\_.

- **Health Care for a Healthy Personality: A thorough health check-up was conducted by Medical experts.**

- 

**Conclusion and Thanks:** Friends, as we build upon our many accomplishments across our campus, we thank you for your continued support to us at Espalier Heritage School. Your support truly energizes us, ensures our future success, and allows us to prepare an increasing number of students for enriched lives for the society. We remain grateful to all the parents for reposing their unparalleled trust in us which propels us to march ahead with greater commitment and enthusiasm. Due to unforeseen circumstances of the pandemic COVID – 19, the school had to close as per Government norms.
